

User Stories

- As an **administrator** I would like to be able to:
 - **Add category**, by providing their **name**, **description** and **image**
 - For each **category**, I want to assign some **keywords** that describe the category
 - The same **keyword** can be used for more than 1 category but the **name** must be different
 - If needed, I want to **modify** any **category**
 - If needed, I want to **delete** any **category**

User Stories

- As a **user** I would like to be able to:
 - Be able to **access** the platform
 - Setup a **profile**, comprised of **email**, **phone number** and **name**.
 - View all the **categories**, together with their type (**required** or **provided**)
 - View all the **offers** from each category, together with their details and contact information.
 - **Add offer**, by providing their **title**, **details**, **telephone**, **address**, **email** and **image**
 - If needed, I want to **modify** any **offer** that belongs to me
 - If needed, I want to **delete** any **offer** that belongs to me
 - Within an **offer** I can send an **email** to the owner of the **offer** with a corresponding message ("**I need it**" / "**I can provide it**")
